

CONTINUING EDUCATION

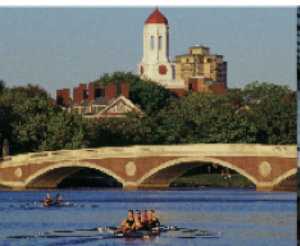

“A Comprehensive Approach to Esthetic Dentistry”

Harvard Shanghai Center April 14-16, 2017

Harvard School of Dental Medicine and Fudan University Shanghai Stomatological Hospital will host a joint continuing education course in April, 2017.

The course will feature expert clinicians in prosthodontics, periodontics and implant dentistry who will present the latest scientific and clinical information on “The Beautiful Smile – Creation, Maintenance and Recreation”.

Faculty members from both schools will present clinical cases supplemented by comprehensive lectures and hands-on workshops which will allow participants to become familiar with proven protocols for difficult and challenging clinical situations.
